

Tactical Percussive Response Tool (PRT)

The Tactical Percussive Response Tool (PRT) is a powerful hand held tool that can be put to work with a minimal amount of training. The 'Slam & Ram' action of the PRT directs all of its force directly at the point of impact - without deflection. A variety of interchangeable tool bits are available to penetrate most barriers.

Handle with machine grooved, non-slip grip

The 'Slam & Ram' feature travels up to 13.6 in / 34.5 cm for maximum impact

Redesigned tool bit retainer. Improved for extreme twisting applications.

Forged, heat treated interchangeable bits

'Slam & Ram' collar locks the ram bar at any length for added leverage and safety as well as ease of storage

Hard coated aluminum alloy tube body

Machined DIAMOND GRIP to ensure a positive grip and maximum control

PRT Rescue Kit

The PRT Rescue Kit includes a variety of interchangeable tool bits to penetrate most barriers.
