2018 GAS DETECTION RENTAL PROGRAM

INDUSTRIAL SCIENTIFIC

Turnarounds • Outages • Special Projects • Emergencies
Experiments/Tests • Contractor Work • Repair Replacement

FOUR
REASONS to RENT
from Industrial Scientific

When you need gas detectors, and need them quickly, renting is the most efficient and effective route. When speed is critical, gas detectors can be readied for same-day or next-day delivery. Whether the driving factor is a turnaround or outage, special project, natural disaster, or repair replacement, you can depend on Industrial Scientific rentals for your short-term gas detection needs.
1. FULLY STOCKED INVENTORY

With **over 25,000 pieces** of equipment available for rent, we have you covered. The best part is—if we run out, we can quickly add more instruments to our rental fleet because we manufacture them!

2. HIGHEST QUALITY

Our rental equipment is serviced by **factory trained** Industrial Scientific employees. Who better to rent from than the same people who make the equipment?

3. WIDE VARIETY

Whether it is a simple H_2S personal monitor or a high-tech 7-gas area monitoring system with wireless communication and live monitoring, we can meet your needs. We also rent our **full line** of accessories including probes, spare battery packs, and docking stations and can make recommendations based on your application.

4. FAST DELIVERY

In most cases, we can ship rental orders the **same day**. Pick-up service is also available from our Pittsburgh, Houston, and Edmonton facilities. Monitors will be pre-calibrated, and calibration certificates will be included with the instrument.

INDUSTRIAL SCIENTIFIC

DON'T WAIT
Contact Industrial Scientific to learn more about our gas detector rental service. Phone: **1-800-338-3287 x1912**

Ventis Pro5

BUILD THE PART NUMBER: Start with the base part number of VP5- Next, select the desired sensor and add the number to the base part number according to the chart. Use 0 for an empty sensor slot. Next, select the pump option. Finally, add the Suffix - RW for a weekly rental or - RM for a monthly rental.

BUILD THE PRICE: For a weekly rental, start with $25.00. Add the weekly price for the sensor according to the chart. Add $50.00 if the pump version is needed. For a monthly rental, start with $75.00. Add the monthly price for the sensor according to the chart. Add $150.00 if the pump version is needed.
