DONNING THE LIFE JACKET

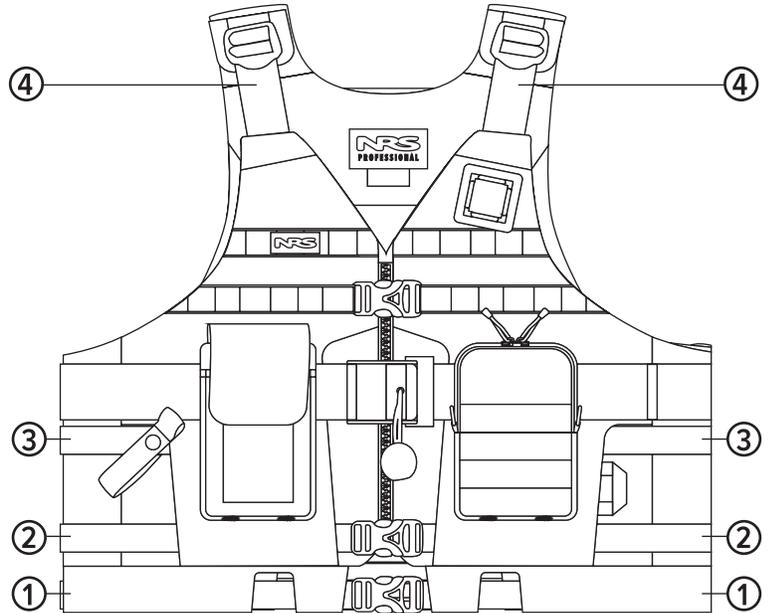

STEP 1

Don the PFD.
Zip up the front zipper. (A) Clip the three front buckles. (B)

STEP 2

Tighten the PFD by pulling on the webbing pull-tabs. Start with the lowest tab (#1) and work your way to the shoulder tabs (#4).

STEP 3

- Run the pointed end of the belt up through the ladder lock slot closest to the buckle.
- Then run the pointed end down through the second ladder lock slot and pull the belt tight.
- Open the quick-release buckle by lifting the buckle tab.
- Now run the pointed end of the belt through the buckle, pull tight and close the buckle by pushing the tab firmly down until you feel it snap into place.
